

# Product Change Notification

**Change Notification #:** 119626-02

**Change Title:** Intel® NUC 11 v7 Compute Element  
CM11EBv716W,  
PCN 119626-02, Product Discontinuance,  
End of Life  
**Reason for Revision: Correcting the PCN Dates  
referenced previously.**

**Date of Publication:** July 19, 2023

## Key Characteristics of the Change:

Product Discontinuance

## Forecasted Key Milestones:

Last Product Discontinuance Order Date	September 10, 2023
Last Product Discontinuance Shipment Date	September 29, 2023

## Description of Change to the Customer:

**Reason for Revision: Correcting the PCN Dates Referenced Previously.**

Last Ship Date was updated from **November 9, 2023**, to **September 29, 2023**.

Intel has decided to stop direct investment in the NUC product line. We are pivoting our strategy to enable our ecosystem partners to continue NUC innovation and growth.

This Product Discontinuance Announcement on the Intel® NUC product listed in the Products Affected table below, allows Intel customers to take Last Shipments up to **September 29, 2023**, while supply is available.

## Customer Impact of Change and Recommended Action:

Customers wishing to order these products must have final orders placed with Intel by September 10, 2023. **Effective September 29, 2023**, Intel will stop shipping the selected Elk Bay hardware.

All orders placed on or after the Product Discontinuance Announcement date are non-cancellable / non-returnable orders.

If you are currently using these order codes, be sure to contact your authorized Intel representative and inform them of your requirements through this time frame.

## Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	Affected MM#	Recommended replacement Product Code	Recommended replacement MM#

### Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at [www.intc.com](http://www.intc.com).

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
